

# BLACKPOOL & DISTRICT CANINE SOCIETY

Judge: Mrs P Blay

It was lovely to be back and more especially because it was the GSPs that I was able to come back to. Thanks for the welcome one and all and thanks for the sportsmanship I experienced today. Only 4 absent in the whole entry but the warm applause for every class and exhibitors congratulating one another was a joy to see. I haven't seen this for a long while but long may it continue.

My main concern is as ever – I really don't like hindquarters that go on forever, I would rather have a good old hammy quarter but unfortunately these are few and far between. The thing I love about the breed is the dual purposeness which has been unheld by many – long may it continue. Thanks again for such a cracking entry of quality dogs and bitches.

**Minor Puppy Dog (4) 1 Rose's Kavacanne Morgan It Seems**, a very together liver and white youngster who, for his age, is such a good moving boy, just a good size for his age and very balanced with the correct body proportions, baby head of course, but he has the right attributes to mature well with a good eye of a good colour and well set and carried ears, lovely neck and shoulders with a lovely topline and tailset, obviously the depth of chest with come with age and as he muscles up in hindquarters they will be stronger but has potential. So taken with this baby that I could not resist him for **BP** with his effortless profile movement and type. **2 Roden's Keigame Nasrullah**, well, obviously, this was very much my cup of tea, has that lovely short body but still covers plenty of ground, excellent head and expression with a good front assembly, loved his neck and shoulders and held his topline on the move and set up, still loose in hind movement but when he tightens up will be one to beat. **3 Burford's Kavacanne Morgan You Know**.

**Puppy Dog (5) 1 Rose's Kavacanne Morgan It Seems. 2 Smith & Reardon's Winterwell Fowl Play**, I love judging puppy GSPs they are just delicious, this is another that you want to eat! He is a lovely make and shape with an excellent body set on well boned legs and good tight feet, this liver and white ticked boy has the potential of a good head coming and it will be interesting to see when it breaks as he has a well set and shaped eye and a good ear carriage, lovely neck and shoulders, moved well for handler and showed well to take his place here. **3 Roden's Keigame Nasrullah**.

**Junior Dog (7) 1 Milligan's Jessophia's Oberyn Martell**, liver and white youngster with a good harsh coat, this docked boy is a good make and shape with the correct length of body, loved his head proportions, ear carriage, neck and shoulders, good depth and width of chest, lovely well muscled hindquarters, excellent topline held set up and moving, well set and carried tail, of a good size, he is so masculine in outline, winning a very strong junior class. **2 Brown & Burns' Magregor Threesacrowd at Pothouse**, again that excellent coat which I thought was disappearing, so I have been pleasantly surprised, this liver and white has an excellent neck and shoulders, such a masculine head with a good eye of a lovely colour to match his coat, well boned legs and feet, well muscled hindquarters of a good width, lovely depth of chest, moved well particularly looking good in profile. **3 Black's Angiedale Rivellino Lad at Brandycrag**.

**Graduate Dog (3) 1 Black's Angiedale Rivellino Lad at Brandycrag**, flashy liver and white who deserved his win here, a solid dog who is well muscled all through with a good coat and general construction, well set and carried tail on a strong topline held set up and moving, nice head which is masculine in outlook with good ears and a well shaped eye. **2 Bennett's Barleyarch Firefly**, refined liver and white who still needs to mature to complete the picture, masculine head and expression, good neck and shoulders, nice topline but on the day on the move his high tail carriage spoilt the profile outline, it is well set and he has good hindquarters so hopefully as he matures this will drop for he is a quality boy of a good size and shape, lovely depth of chest and set up looks the part. **3 Hamlin's Know No Bounds at Nuash**.

**Post Graduate Dog (5) 1 Hawksby's Benbooe Beguiling at Delahawk**, no mistaking this boy's sex – this liver and white well bodied boy just exudes sex appeal! Excellent body proportions with enough hindquarters to complete the picture, masculine head and expression with a lovely neck and shoulder, good depth and width of chest with a strong loin, well boned legs and tight feet, undocked but carried his tail correctly on a strong topline with good size gait and looking the part in profile. He is balanced and a lovely type who has potential. **2 Cooke & Hammond's Seasham Super Trouper JW**, longer caste dark liver and white docked dog with a good coat, masculine head and expression with a good eye to tone in, lovely neck and shoulders, well muscled hindquarters which he used to cover the ground with freedom and ease, correct depth of chest with a correct body length and a good loin, showed well. **3 Brown & Davies' Gambourne Dark Indulgence**.

**Limit Dog (4) 1 Duncan's Kavacanne Hun Toint Retreve JW**, undocked liver and white, again just my cup of tea! So very masculine in outlook that you could imagine him working, well bodied and mature, loved his head and expression, excellent neck and shoulders, strong topline and well set and carried tail, correct ribcage and loin, well muscled hindquarters, moved effortlessly on well boned legs and feet, looked fit for function in profile and so pleased to have had the chance to go over him. **2 Grant's Goosepoint Dipper from Stairfoot**, liver and white who for some reason reminded me of Tjabo/Ragot Mai, has that same stamp, not overlarge nor overdone in any department but so very masculine and a complete package, loved his head and expression, excellent neck and shoulders, strong topline and excellent depth of chest, he is balanced and just the sort that appeals to me, lovely profile movement and so correct back and forth. **3 Serpa & Griffiths' Barleyarch Trumpeter**.

**Open Dog (10) What a class! Thrilled to have so many top class examples to go over. 1 Drysdale's Ch Barleyarch Farthing at Drysika JW ShCM**, think it may have been the first time going over this classic male and his title says it all, he is a masculine dog of quality, well boned and balanced, he is such an easy mover really using his excellent front construction and well muscled hindquarters to cover the ground with ease and purpose yet still with grace, balanced head and expression which is very masculine in outlook, strong, well muscled topline with the correct depth and width of chest, strong loin, well set and carried docked tail, he goes back to all my favourites, Playboy, Tjabo & Ragot Mai so no wonder I could see nothing but him in the class, but on saying this, he has the correct outline for the breed – a short back and covering lots of ground, which does not mean overlong hindquarters going on forever. A privilege to judge, thanks for bringing him. **DCC & BOB. 2 Barnett's Puddledub Poit Dhubb**, workmanlike liver and white dog who grew on me the more I saw him move, he is balanced with a lovely, masculine head and expression, good coat covering a well muscled body, well boned legs and feet, good neck and shoulders, this balanced dog is very masculine and well put together, moves so soundly yet with purpose, lovely front assembly and a well muscled hindquarter which he really used to cover the ground, showed his socks off with the sun on his back to win his place in this star studded class. Today nothing could lower his flag and he grabbed the **RDCC** by a whisker. **3 Harris' Am Gr Ch VJK-Myst Goes Like The Wind of Barleyarch (Imp USA)**.

**Veteran Dog (1) 1 Tait's Benbooe Bachata JW**, alone but could hold his own in any company for he is very typical, very masculine and a good size and balanced, so very masculine in head and outlook with that kind eye which we love in the breed, lovely topline which he held both set up and moving, this docked 8 year old moved so well and true belying his age, good neck and shoulders with lovely boned legs and feet. He is a credit to his owner/breeder.

**Minor Puppy Bitch (3) 1 Tierney's Keigame Hustle**, solid liver docked baby, very together for age with a lovely head and expression, eyes will darken but a lovely head pattern to build upon, she is just right for age with a lovely front assembly which is quite tight in movement which is nice to see, lovely hindquarters with a good topline and well set and carried tail, set up looked a picture and moving did not disappoint for she has a good coat and lovely body proportions. **2 Haran & Waddell's Magregor Shneeball**, more developed puppy of a lovely make and shape, now I see her breeding I can see why she appealed, pretty head and a good mover with lots of potential for she has excellent neck and shoulders, well boned legs and feet, and correct body proportions, showed well but was just unlucky to meet 1 who had stolen my heart. **3 Drysdale's Drysika Fast Track**, I bet these three will have lots of fun in the future!

**Puppy Bitch (3) 1 Schoneville's Balvenie Bella**, although nearly a year, she is still an absolute baby which is just how I like them to be, this little sweetheart is quality, a liver and white docked baby who moved so well on well boned legs and feet, she is balanced and an excellent type, lovely head and expression with a good coat, excellent neck and shoulders, moved so well for a baby holding her topline and carrying her tail correctly, depth of chest is just right for age and showed her socks off to win here. **2 Lindridge's Amidala Fast And Furious**, taller liver and white undocked youngster with a good depth of chest, at present just not so co-ordinated on the move as yet but has time on her side and when she tightens up must be one to watch, lovely feminine head and expression. Good neck and shoulders, good topline and tailset, in lovely coat and condition, held her topline on the move and set up. **3 Hardie's Twechar Rosebud Forever at Mistyayre**.

**Junior Bitch (5) 1 Schoneville's Balvenie Bella. 2 Chandler's Koolwaters Ritz**, dark liver and white with a balanced head and expression, good neck and shoulders, good topline and a well set undocked tail, lovely hindquarters, well balanced and set up has the correct outline for the breed, good depth of chest and a good strong loin. Moved well looking particularly good in profile really covering the ground with ease, has a good coat in lovely condition. **3 Lindridge's Amidala Fast And Furious**.

**Graduate Bitch (7) 1 Roden's High High Jingle Bells at Keigame (Imp Mlt)**, liver and white feminine, balanced bitch, classic head and expression with a beautiful, kind eye which is correctly set, lovely ear carriage leading to a strong neck and well made shoulders, correct, good length of body with an excellent hindquarters, strong topline and well set docked tail, good bone and feet, good depth and width of body, moved with ease and grace, really covering the ground with purpose, set up is perfectly balanced, a lovely type who won a good class. **2 Heath's Barleyarch Ladybird at Pinseeker**, brilliant liver and white again that lovely type which you cannot explain but you just know is right when you see them set up and of course, is then confirmed when they move, just loved her head and expression, lovely neck and shoulders, good topline and tailset, in excellent coat with a well muscled body covering her frame, moved well looking particularly good in profile, really using her well muscled hindquarters, beating her litter sister on head development; **3 Desombre's Barleyarch Springtail at Breneath**.

**Post Graduate Bitch (5) 1 Tait's Benbooe Bring It On**, not a small bitch but she has such presence, this undocked liver and white has the correct body proportions, she is well muscled all through with a particularly strong hindquarter, excellent front and neck, feminine head and expression, well boned legs and feet, good depth of chest, today she just was a bit unsettled on the move which stopped her going further but when she settles into her stride I am sure she will do well. **2 Hinchliff's Goosepoint Eiderdown**, pretty bitch who is just a tad long for my taste but this obviously works to her advantage on the move with the long stride really covering the ground, very feminine in outlook with a kind eye, good neck and shoulders, strong topline held set up and moving, good depth and width of chest with a strong loin, well muscled all through with a good coat. **3 Black's Barleyarch Chestnut at Brandycrag**.

**Limit Dog (14,2) What a cracking class to sort out, full of quality and there is nothing wrong with the future of the breed with such good girls standing here! 1 Haran & Waddell's Macgregor Fluffernutter**, I don't remember seeing this bitch before but looking at her breeding I am not surprised that she appealed. Today was her day, there was no missing her in any line-up and she was certainly in a star-studded line up! She is balanced and quality all through, lovely head and expression with good coloured eyes, her head is balanced yet feminine, beautiful neck and shoulders with no lumps or bumps in her outline with that smooth, strong topline and well set and carried undocked tail, lovely bone and feet with an excellent, well muscled hindquarters, I often write of hammy quarters and that is certainly what she has! This liver and white girl has an excellent depth of body with a strong loin and she comes alive when she moves covering the ground with ease and grace, in profile you can see how correct her movement is. Not only did she win this class, she went on to beat all-comers to win the **BCC**, her third. **2 Brown's Barleyarch Tigernut at Graygees**, a size smaller but well within the Standard, she is balanced. Very feminine yet workmanlike, you can see that she works, she is sensible and well muscled with a cracking coat so often missing in many. Loved her head and expression, so very feminine, correct body proportions with that lovely depth of chest, strong topline and well set and carried tail that I look for, moved well on well boned legs and feet, she is balanced and showed well to beat her sister. **3 Elrington's Barleyarch Bettie at Tequesta**.

**Open Bitch (7,2) 1 Squire's Sh Ch Taftazini Wilshee Wyn Too JW**, a bitch well within the Standard but so very balanced, such a sound mover, which drew me to her on the first run round, good head carriage on a strong neck and well made shoulders, held her strong, well muscled topline and well set and carried tail, well muscled hindquarters which she used to advantage, there really wasn't a need to go over her because you can just see how correct she is and how in condition she is. Obviously you need to check teeth and coat texture but of course they are fine. She has well boned legs and feet and she is copybook with a short back and covered a lot of ground. Won a strong class and took **RBCC**. **2 Hammond's Sh Ch Seasham Lovestruck JW**, close up and that same lovely type that I was looking for, again that excellent hammy hindquarters that I like so much, good strong topline and well set tail, very feminine in outlook with such a pretty head and expression, lovely neck and shoulders, good depth and width of ribcage with a strong loin, a worthy champion who moved so well, looking particularly good in profile, **3 Trow's Sh Ch Winterwell Tootsie Roll JW ShCM**.

**Veteran Bitch (2) 1 Brown's Montalba Millie Chillum ShCM**, very fit bitch who belies her age, lovely type of bitch who was put down in such excellent condition, such a pretty head and expression, in good coat with a lovely neck, shoulders and topline, her docked tail was well set and carried, showed and moved so well to win. **2 Sielski's Keigame Wizadora at Eairycor**, naughty liver and white who I think might have eaten all the pies! It was lovely to see her enjoying her day, she is very typical and is well made, moved OK when she settled but has good body proportions and is within the height size for the girls.
